

Alpha

WHAT IS ALPHA??

Alpha is a series of interactive sessions that create a safe and honest space, online or in person, where people can explore life, faith and meaning.

Alpha began in the Anglican Church and was developed in response to falling numbers in congregations and with a desire to take people on a journey to encounter and proclaim the Good News. Over the years it has become an ecumenical resource used as a tool for evangelisation, to reach all those in a community. It contains material that is common to most Christian Churches and has been extremely effective, with over twenty-nine million people from 116 countries having participated over the years. It is an interesting, fun and non-threatening way to explore Christianity.

The Alpha Pilot program in St Joan of Arc Parish is now concluded. Participants and team have reflected on the experience and we look forward to sharing some of their views in the near future.

Full Alpha programs will be offered in the Parish in the future.
